

2022

# ANNUAL REPORT

WALKING WITH YOU WITH EVERLASTING LOVE

OUR LOVE CHANGES LIVES AND BRINGS HOPE

## Our Missions

---

Silver Lining believes in working from the ground up with genuine love and actions in the poor rural communities to help and bless the children there; giving support to children with disabilities and their families that are the most marginalized and vulnerable members of society. In addition to providing education and the essential needs, it's more material to effect life changes in every beneficiary, so they live with joy and hope. By integrating the resources of our society and leveraging the loving care and support among people, we extol the virtue of the pure beauty of the world. Every cloud has a silver lining that covers every precious life with love and compassion.

## *Your Love Changes Lives*

## Our Services

---

Silver Lining launched its poverty relief operation in Guangxi, China in 2005, committed to helping the impoverished ethnic minorities and orphans in the rural mountain areas by sponsoring their education and improving their living standards. Also, we provide rehabilitation training and education for children with cerebral palsy, offering employment opportunities to women and people with disabilities, and emergency medical assistance to children that came down with an illness. We assist and care for children in distress, the migrant children, and those left behind children. The children will also receive our character education program. Beginning in 2017, we expanded our services to Myanmar to provide aids to orphans and children who have cerebral palsy. The Vietnam Silver Lining Rehabilitation Center is also formally in service in 2019. Through our love and actions, we hope more people in need of assistance will receive care and blessings, which will improve their lives and restore their dignity and hope.

### **A Home for Orphans**

Support unattended orphans in a family model setting.

---

### **Rehabilitation Path**

Provide rehabilitation, education, and training for children with disabilities and children who have cerebral palsy, in conjunction with assistance to their families.

---

### **Services for children under Poverty**

Improve the living condition and education of students in the mountainous areas.

---

### **Emergency Medical Fund**

Provide timely assistance to children with illness.

---

### **Silver Lining Workshop**

Operate Silver Lining Workshop to provide job opportunities and training for youth with disabilities and women.

---

### **Holistic Development**

Through the introduction of interesting multi-art courses, teach children correct assessment and help them develop a good character.

---

## Our Core Values

- We believe that love can change lives.
- We maintain good stewardship.
- We cherish human life.
- We value our cooperative partners.
- We walk with people in trouble.
- We strive for professionalism.

## Share By The Chairman

DR. CLARE CHENG

"Give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime." This well-known saying offers some inspiration to social welfare organizations. Silver Lining Missions not only provides practical assistance to children with special needs and their families through acts of love, but also demonstrates the beautiful results of "giving fish and teaching fishing" through professional holistic care and guidance, practicing the principle of life influencing life.

Guangxi Silver Lining Social Work Service Center (referred to as Guangxi Silver Lining) has been the organization supported by Silver Lining Missions since its establishment in 2013. From serving just over ten children with cerebral palsy to over 180 by 2022, Guangxi Silver Lining has not only seen an increase in the number of beneficiaries but also became an internship base for Nanning Normal University in 2022. Furthermore, in August 2022, it was invited by the Nanning Disabled Persons Federation to operate a demonstration site for public welfare rehabilitation assistance for disabled children in Nanning City, promoting the core values, service philosophy, and principles of Silver Lining Missions. The "Silver Lining Charity Golf Event" and the "Silver Lining x Shang Hai Commercial Bank Charity Bowling Tournament" in 2022 were fundraising activities for the construction of a new rehabilitation center and the update of treatment equipment for Guangxi Silver Lining. We express our gratitude to the 220 participants and generous supporters behind these two charity events. Your loving donations perfectly embody the beautiful results of "giving fish and teaching fishing."

The orphan project of Guangxi Dahua Care Center also brought good news in 2022, with seven high school graduates being admitted to universities and another student advancing from vocational school to university. Since high school, they have volunteered at Guangxi Silver Lining during winter and summer vacations, assisting their "siblings" with cerebral palsy and learning to serve those in need. The Silver Lining Orphan Project not only provides children with basic needs and concerns for their physical well-being but also focuses on their development in terms of their hearts, society, and spirits. We firmly believe that they will succeed after graduating from university and enter the field of social work, where they can not only become self-reliant but also testify to a life of love by loving others. As sponsors of Silver Lining Missions, witnessing the growth of these young people and experiencing the wonderful results of "giving fish and teaching fishing" is truly a joy.

Myanmar is another place that Silver Lining Missions cares for and serves. In 2022, we distributed relief supplies seven times to help families in desperate situations. Despite the turbulent times in Myanmar, we are grateful that Myanmar Silver Lining Family Village was able to pass through 2022 peacefully and even expanded its facilities to accommodate 200 children. These children, who have lost their families, receive care and love in the Silver Lining Family Village, and the co-worker Josh of Silver Lining Missions initiated the Dare to Dream (D2D) project, inspiring the children in the home to dare to dream and break free from their past hardships. We are delighted to see that this group of once-shy children has become confident. In 2022, they established five D2D groups: basketball, dance, cooking, painting, and singing.

In the second half of 2022, as the COVID-19 pandemic eased, co-workers Josh, Chris, and Lydia of Silver Lining Missions continued their visits to Myanmar Silver Lining Family Village, Eden Centre in Yangon, and Silver Lining rehabilitation center in Hanoi, Vietnam, to encourage local co-workers and children, responding to the growing demand for services. In December, during the Silver Lining Fundraising Dinner, Josh and Lydia shared the challenges and rewards they encountered. We

are deeply grateful for the enthusiastic response and support from the attendees of the dinner.

Yearly reviews always bring surprises, and 2022 was no exception. The "surprise" was the sudden call to serve orphans in Vietnam and Indonesia, and the "joy" was counting the achievements of the "giving fish and teaching fishing" projects served by Silver Lining Missions. Co-workers Chris and Lydia firmly believe that our "surprises" will turn into "joy" in the coming year because of you – Silver Lining friends – who walk alongside us and support us. You are the driving force that propels Silver Lining Missions forward!

*Clare Cheng*

The Chairman, Silver Lining Missions  
Dr. Clare, Cheng Yuk Kwan

# Silver Lining Development Milestones

2005

Chris and Lydia moved to Nanning, China to provide job opportunities for disabled youth.

2007

Officially established Silver Lining Missions and Silver Lining Workshop.

2008

Established emergency funds to assist children with emergency medical needs.

2009

- Officially registered as a non-profit organization in US.
- Began to aware the needs and supports for the underprivileged children in mountainous area.
- Subsidize rehabilitation-training funds for underprivileged families with cerebral palsy children.

2010

Establishment of our Dahua Silver Lining Caring center ( Orphan ).

2011

Established Nanning Silver Lining Rehabilitation Center for children with cerebral palsy.

2012

- Nanning Rehabilitation Center expansion.
- Silver Lining began sponsoring orphans in community.

2013

Rehabilitation center started elementary school level special educational classes.

2014

Established Children Center, provide service for children with parents away from work in other cities, and underprivileged children.

2015

- Rehabilitation center in Nanning began to offer day care services for children with cerebral palsy.
- In USA "The Wonders of Stories" Volunteering Program.

2016

Participated the "International Conductive Education Guidance Conference" held in Hungary, shared our background and experience with conductive education.

2017

- Expansion of Silver Lining Caring center in Dahua (Orphan) .
- Nanning Silver Lining Rehabilitation Center Started Distance Learning Education.
- April, opened an orphanage “Silver Lining Family Village” in Pwin OO Lwin, Myanmar.
- Preparing and opening schools within the Shan State, Myanmar (Nan Weng, Nan Zhan, Lashio, Nong Man, Dang Yang).
- Yangon, Myanmar started a rehabilitation center for children with cerebral palsy.

2018

- Expansion of Silver Lining Family Village in Myanmar (Orphan).
- Build a Amazing Grace Academy in the Myanmar Silver Lining Family Village.
- Established Vietnam Silver Lining Rehabilitation Center in Hanoi.

2019

- Expansion of New Silver Lining Family Village in Myanmar (Orphan).
- Established Myanmar Silver Lining Partnership Youth Care Center in Yangon.
- Established Guangxi Young Center in Dahua.

2020

- Established Myanmar Grace Youth Shelter in Pwin OO Lwin.
- Established Myanmar Youth Center in Yangon.
- Established Guangxi Social Work Station in Qingpo Village, Dahua.

2021

SILVER LINING  
DARE TO DREAM

Dare to Dream · that is meant to inspire our children to pursue their dreams and achieve their passions in life.

2022

In Hakha, Myanmar, the Hakha Student Center (HCC) was established to provide education for children in need in the local community.

2023

Silver Lining Missions continues to explore and develop, helping more children in need, with the goal of changing lives.

# A Home for Orphans

China - Dahua, Guangxi

PROJECT NAME

Nanning Silver Lining Caring Center

Beneficiaries **104**

Dahua Silver Lining Caring Center launched the "A Home for Orphans" project in 2009, aiming to provide care services to local orphans, left-behind children, and children with disabilities in a "family" model. The services of the caring center are based on four main objectives, including ensuring the healthy growth of mountain orphans and disadvantaged children, providing them with educational opportunities, offering appropriate care, protection, and participation, and instilling in them the values of loving others as themselves and their neighbors. Over the past year, the center has achieved these objectives through various activities and successfully provided services to 104 orphans from 7 families.

In 2022, with the ongoing COVID-19 pandemic, the care center has implemented multiple preventive measures to ensure that the children receive sufficient and balanced nutrition and can grow up in a healthy manner. The center continues to provide education for the children and nurtures their interests through diverse growth groups, enabling them to have a balanced and joyful upbringing. In addition to acquiring knowledge, the center also emphasizes the cultivation of good character and therefore arranges "character classes" for the children. Regular family days are also organized to ensure that the children can build self-esteem and confidence in a loving environment.

## Myanmar - Pyin Oo Lwin

### PROJECT NAME

#### Silver Lining Family Village

Beneficiaries **174**

Since 2017, with the support of the local community in Myanmar, Silver Lining Missions has established the Pyin Oo Lwin Silver Lining Family Village, which adopts the model of cottage families to care for orphans. Each family is managed by one caregiver who looks after 10 children, allowing them to experience the warmth of a family again. As of the end of 2022, the "A Home for Orphans" foster care program has helped 16 families and a total of 174 children in the local community.

Silver Lining Family Village upholds the goal of providing children with a healthy upbringing. Despite the lack of piped water in Pyin Oo Lwin, they have installed water purifiers to ensure clean drinking water for the children. The Amazing Grace Academy School established by Silver Lining Family Village has enrolled 46 children from the community, allowing them to continue learning both Chinese and Burmese languages. They have also introduced interest groups to prepare the children for their future involvement in society. Silver Lining Family Village organizes various summer camps and themed activities to cultivate the children's proper values and enhance their relationships with each other. To ensure the safety of the children, Silver Lining Family Village has also strengthened campus security and educated the children on self-protection.

## Myanmar - Lashio & Nam Zhan

### PROJECT NAME

#### Foster Care Family

Beneficiaries **17**

Thanks to the support of local couples in Lashio and Namsang, Silver Lining Missions has been able to help numerous orphans in both locations, providing them with food, shelter, education, and other forms of care. As of 2022, there were 10 beneficiaries in Namsang and 7 beneficiaries in Lashio.

Due to the ongoing impact of the pandemic and the unstable international situation, the cost of living in Myanmar remains uncertain. However, with the efforts of Silver Lining, foster children in both locations can grow up in a healthy environment with sufficient nutrition. Through remote learning, foster children can continue their education at home, avoiding the loss of learning opportunities due to environmental factors. The caregivers of foster families have received education and training to nurture children with care, appreciation, acceptance, and other important values, allowing them to grow up in a positive environment. Regular parent-child activities are also conducted to increase the involvement of children in the family and enhance their emotional bonds with each other.

# Rehabilitation Path

China - Nanning & Dahua, Guangxi

## PROJECT NAME

Nanning Silver Lining Rehabilitation Center

Beneficiaries **270**

Nanning Silver Lining Rehabilitation Center divides children with cerebral palsy into two groups: the preschool group and the adolescent group. This division allows the center to provide more effective rehabilitation, education, and integrated services tailored to their specific needs, enabling them to become capable of integrating into society. In addition to face-to-face classes, the center also offers remote classes to benefit more children and families. In 2022, the center provided services to 270 special-needs children.

The range of rehabilitation services provided by the center extends beyond basic life skills. Through various forms such as games and classes, the center trains children in motor skills, cultivates their learning interests, provides language and character education, and equips them with employment skills. For families with disabled children facing difficulties, the center not only organizes professional teams to visit and provide home-based training guidance, but also offers financial support and organizes various relaxation activities to help parents reduce life stress and focus on caring for their children. To promote better understanding and acceptance of disabled children in society, the center also arranges outdoor activities for them, enhancing their adaptive abilities and allowing them to experience the warmth of society, fostering social inclusion.

## Myanmar - Yangon

### PROJECT NAME

#### Yangon Silver Lining Rehabilitation Center

Beneficiaries **100**

The Yangon Eden Center for Disabled Children has been providing services for disabled children for over 20 years. Yuncai has been in contact with the center since 2017 and introduced a guided education model. In 2022, the center continued to provide rehabilitation services for children, helping them integrate into society. A total of 100 children benefited from these services.

The center offers various rehabilitation training programs to allow children to stretch their bodies and cultivate their learning interests. Some children have successfully enrolled in Burmese primary schools, integrating into society. The staff at the center continuously assess the children's rehabilitation and educational progress and revise rehabilitation goals according to their abilities, ensuring that the children make improvements in their capabilities. The families of these children face various pressures in raising them. Therefore, the center provides them with supplies and guidance on making rehabilitation aids. They also offer remote classes to teach parents how to conduct rehabilitation training at home.

## Vietnam - Hanoi

### PROJECT NAME

#### Vietnam Silver Lining Rehabilitation Center

Beneficiaries **20**

Located in Hanoi, the Vietnam Silver Lining Rehabilitation Center primarily serves children with cerebral palsy and special needs. It provides rehabilitation support through a guided education model, while also aiming to educate the public and promote acceptance and understanding of disabled children. As of 2022, the center has served 20 children with cerebral palsy.

Through participation in rehabilitation classes designed by tutors and professionals, the children at the center can gradually exercise their muscles. The rehabilitation progress has also been successfully showcased to the public. The children have participated in various sports competitions and games during outdoor activities, not only experiencing the joy of sports but also receiving support from society. This encourages both the children and their parents to integrate into society. During the year-end assessment, the center's staff discovered that the children's rehabilitation and educational progress far exceeded expectations, indicating that the cooperation between families and the center has greatly contributed to the children's rehabilitation. The center also pays attention to the stress experienced by parents and organizes group activities to allow them to exchange caregiving experiences and support each other.

# Services for Children Living in Poverty

## China - Nanning & Dahua, Guangxi

### PROJECT NAME

#### Services for Children Living in Poverty

Beneficiaries **600**

Guangxi Nanning primarily serves the city's mobile children, who relocate to different places with their parents' work. Throughout their growth, these children face challenges such as lack of care and family support, educational instability, and safety concerns. Yuncai Action provides diversified services to address the difficulties and problems they encounter in their lives and growth.

To provide a safe space for the children, Silver Lining Missions establishes activity centers and libraries in their residential areas. These facilities offer a secure place for children to learn and play. The centers also organize various activity groups, supported by university student volunteers. The children not only learn through play but also feel the care and support from the outside world. The university students serve as role models, encouraging the children to strive for academic success and develop a helpful and compassionate character. Recognizing the lack of parent-child relationships in mobile families, the center also organizes various types of parent-child activities to promote communication and bonding within the families in need.

## Myanmar - Pyin Oo Lwin

### PROJECT NAME

#### Student Care Center for Youth in Troubled

Beneficiaries **55**

The Student Grace Youth Center primarily serves underprivileged children from various regions in Myanmar. Currently, it caters to 55 students and provides a stable and safe living environment, meals, daily necessities, as well as health and educational support. The center also aims to encourage the students to continue their education after graduation, preparing them to contribute back to society in the future.

Due to the unstable cost of living in Myanmar, the center ensures the children's healthy growth by providing vaccinations and nutritional support. As the target beneficiaries are predominantly Chinese children, the center offers education in both Burmese and Chinese languages, aiming to improve their future employment opportunities and empowering them to break free from poverty.

## Myanmar - Yangon

### PROJECT NAME

#### Yangon Youth Center ( PYCC )

The Yangon Youth Center (PYCC) started preparations in 2019, and by mid-2020, students began enrolling. The center primarily serves underprivileged students who are dedicated to their studies in the local area, with approximately 20 students. The center's director has had experience managing students during his studies abroad. He supports the assisted students in attending nearby Burmese schools until graduation, encourages them to pursue higher education or acquire vocational skills, and ultimately contribute back to society.

The center also provides vaccinations for the children and establishes regular daily routines to ensure their healthy growth. For students preparing for university, the center offers learning support, including assistance in subject selection, mental counseling, and leadership training. The goal is to encourage the children to strive for their dreams through diligent studies. The children can also participate in various activities organized by the center to relieve academic pressure and promote their diversified development.

Beneficiaries

18

## Myanmar - Mountainous Areas

### PROJECT NAME

#### Nanweng Silver Lining Puyi School

Nanweng Yuncai Puyi School is a Chinese school funded by Yuncai Action. Its aim is to provide quality free education to more children in need, allowing them to learn Chinese and enhance their future competitiveness. Currently, the school serves over 200 students. The project supports the school's infrastructure and facilities, including classrooms, student dormitories, sports fields, and meals for students.

As many students come from remote areas to attend school, the school has used Yuncai's funding to construct student dormitories. It also provides financial support for students from disadvantaged backgrounds to cover their living expenses, ensuring that they do not miss out on educational opportunities due to poverty. Despite limited human resources, the school makes efforts to offer four core subjects and remote classes to students. Additionally, the school emphasizes the students' emotional growth and character education, organizing various themed activities to enrich their inner development.

Beneficiaries

200

## Myanmar - South Station

### PROJECT NAME

#### Underprivileged Students at Nan Station

Due to the disruptions caused by the pandemic, many impoverished families in the local area have lost their jobs, further affecting their economic situation. Yuncai Action, on the other hand, provides assistance to children affected by the pandemic by supplying them with essential living supplies. The aim is to alleviate the financial pressure on families and ensure that children's educational opportunities are not compromised.

Beneficiaries

11

# Emergency Medical Assistance

## Myanmar - Yangon

### PROJECT NAME

Emergency pandemic relief assistance

Beneficiaries **1350**

In 2022, Myanmar continued to face instability in domestic affairs, currency depreciation, and the COVID-19 pandemic, which placed heavy pressure on the families served by the Eden Disabled Children Center due to the high cost of daily necessities. In order to support low-income families with disabled children, Silver Lining Missions responded to the varying needs of the center and carried out multiple emergency food relief assistance activities throughout 2022, aiming to alleviate the living costs and pressures of low-income families. A total of 1,310 households benefited from these efforts.

Meanwhile, the Yangon Youth Care Center located in Yangon faced further economic strain due to the price inflation caused by the flooding in August. The center served impoverished families whose living pressures were significantly increased. Therefore, Silver Lining Missions intensified its emergency relief activities to help low-income families overcome the challenges in their lives and ensure that children in need do not miss out on their rehabilitation training while their parents are away for work. A total of 40 households benefited from these efforts.

# Vocational Training

## China - Nanning

### PROJECT NAME

Vocational education for disabled youth

Silver Lining has been assisting disabled youth in preparing for employment and integration into society. Through collaboration with the "Bai Xin Youth Program," Yuncai provides courses in graphic design, e-commerce, programming, and more for the youth. Additionally, Silver Lining's social workers develop career development plans tailored to their physical conditions, skills, and personal preferences. They also establish connections with different companies to provide internship opportunities. This year, two disabled youth successfully completed external internships, taking their first steps towards future social engagement.

Beneficiaries **13**

## Myanmar - Pyin Oo Lwin

### PROJECT NAME

Vocational skill support for orphanage

The staff and teachers in Myanmar organize career planning groups for children and arrange one-on-one consultations to help children understand their vocational interests, acquire knowledge of life skills training, and assess their academic abilities. To enhance their competitiveness for future social integration, Silver Lining encourages them to learn both Chinese and Burmese languages. To ensure effective learning outcomes, tutors regularly communicate with the children and provide academic support.

Beneficiaries **21**

# Holistic Development

## China - Nanning & Dahua, Guangxi

### PROJECT NAME

#### Character Education for Diversity

Beneficiaries **122**

Lifelong learning is a challenge that disadvantaged children often face. Yuncai understands that having a positive mindset is crucial for children to persevere through adversity. Guangxi Yuncai utilizes various character education classes, story discussions, thematic activities, and more to teach children to develop good character traits and cultivate a positive mindset. They also establish a "Character of the Month" program to promote children's progress and encourage mutual influence and growth among peers. At Dahua Yuncai, social workers tailor the teaching of correct values to children's physical and mental development through daily life experiences. Yuncai's caregivers actively participate in character education, extending the education into the family environment.

## Myanmar - Pyin Oo Lwin

### PROJECT NAME

#### Character Education for Diversity

Beneficiaries **368**

In April 2022, Silver Lining Missions in Myanmar organized a youth summer camp and regular youth exchange activities. Through these activities, children had the opportunity to learn about correct values, exchange positive ideas, and build friendships. Silver Lining Missions aimed to teach children the importance of community living during these events, as well as encourage them to share their personal learning experiences among peers, support each other, and grow together.

# Silver Lining Key Activities Review

China - Nanning, Guangxi

## PROJECT NAME

### "Traveling with Snails" Parent-Child Camp

The "Traveling with Snails" Parent-Child Camp, organized by Guangxi Silver Lining Rehabilitation Center, had a total of 50 families participating and spent a heartwarming and fulfilling time together. The center staff carefully arranged various parent-child activities for the participating families, such as parent-child fashion shows, parenting classes, campfires, and arts and crafts workshops, aiming to provide a relaxed environment for parents and children to learn how to love and get along with each other.

## PROJECT NAME

### "Urban Exploration, Self Breakthrough" College Student Camp

Guangxi Silver Lining organized the second "City Exploration, Self-Breakthrough" Super Friends Camp in July. The event brought together 50 volunteers who paired up with 16 disabled teenagers to explore the city together. With the assistance of the volunteers, the children traveled to various tourist spots and took photos as souvenirs. They also visited unique restaurants and exhibitions. The goal of the event was to help the children gain a better understanding of the city they live in and encourage their integration into society.

PROJECT NAME

"Lego Biodiversity" Event

Dahua Silver Lining Caring Center organized the "Lego Biodiversity" activity for students in July. The activity allowed children to unleash their creativity while building with Lego bricks and learn about biodiversity, understanding their role in the global village. They also had to work together with their peers to complete a project, teaching them the importance of teamwork.

PROJECT NAME

"Gratitude in Growth, Moving Forward with Dreams" Graduation Ceremony

In August, seven teenagers at Dahua Silver Lining Caring Center successfully completed their high school courses, with one of them even earning a university degree. In celebration of this achievement, the center organized a graduation ceremony titled "Gratitude for Growth, Moving Forward with Dreams," to encourage them to continue their efforts on their future educational journeys. The other children expressed their blessings to the seven graduates through song and dance performances.

# Silver Lining Key Activities Review

China - Hong Kong

PROJECT NAME

Silver Lining Charity Golf Tournament 2022

This year, Clouds in Action once again organized the Silver Lining Charity Golf Tournament 2022, successfully raising funds for the Silver Lining Rehabilitation Center in Guangxi and updating the physical therapy equipment within the center. The weather was perfect on the day of the event, and all participants had a meaningful day. During the luncheon, the highly anticipated auction segment took place, and the funds raised from the entire event will be used to assist more special-needs children in need.

## PROJECT NAME

### Silver Lining X Shanghai Commercial Bank Charity Bowling Tournament 2022

The "Charity Bowling Tournament 2022" co-hosted by Silver Lining Missions and Shanghai Commercial Bank concluded successfully on November 13th. Silver Lining Missions is immensely grateful to all the generous individuals who took the time to attend despite the ongoing pandemic. The funds raised from this event will be utilized for the construction of the new Silver Lining Rehabilitation Center in Guangxi and the upgrade of the physical therapy equipment within the center. These efforts aim to enhance the rehabilitation training for children with cerebral palsy, improve their educational opportunities, and cater to their daily needs.

## PROJECT NAME

### 2022 Blessings Under The Fire Fundraising Sharing Dinner

This year's fundraising banquet, themed "Blessings Under The Fire," featured a display of artworks created by children with cerebral palsy and also included an auction segment. With the generous support from various sectors, the event was successfully conducted, and substantial funds were raised. The proceeds will be used to support the education and growth of underprivileged children. Silver Lining Missions extends their gratitude to all the organizations and participants on behalf of the beneficiaries for their support.

# Silver Lining Key Activities Review

## Myanmar - Pyin Oo Lwin

### PROJECT NAME

#### New Families Join Family Village

This year, Myanmar Silver Lining Family Village welcomed two new families, namely "House of Faith" and "House of Mercy," together caring for a total of 10 children. Silver Lining Missions firmly believes that with appropriate care and the companionship of love and compassion, children can grow up healthily even in challenging environments.

### PROJECT NAME

#### Dare2Dream

Since its establishment, the "Dare2Dream" program has been encouraging children to explore growth in fun and engaging ways. This year, we organized various themed activities such as "D2D Day," "Yangon Dance Trip," and "Spirit Week," allowing children to find methods of self-expression through different activities. Older children also have the opportunity to develop their leadership skills through regular group activities. We hope to continue fostering children's growth and empowering them to pursue their goals with determination through this program.

## Myanmar - Nan Weng

### NEW PROJECT NAME

#### Resumption of Classes at Nan Weng Chinese School

Due to the impact of the pandemic and the situation in Myanmar, the supported Nan Wun Pyi Chinese School has been operating in a closed teaching mode. However, with the stabilization of the environment this year, the school was finally able to resume normal operations in September. Over 200 children were able to attend classes in person, which is twice the number compared to previous years. During Christmas, they also organized the first large-scale celebration event in three years, allowing everyone to enjoy a rare and heartwarming time together.

# 2022 New Projects

## Myanmar - Hakha

### NEW PROJECT NAME

#### HAKHA Student Center (HCC)

Beneficiaries **15**

In 2022, children in Myanmar continued to endure their childhood amidst conflict and turmoil. In light of this, Silver Lining Missions decided to establish the HAKHA Student Center (HCC) in the mountainous region of Hakha, Myanmar. The center aims to provide education for children aged 9 to 12 who are in need. Following a comprehensive care approach, the HCC covers both educational and daily living needs of the children, with the goal of nurturing them into individuals who can contribute to society.

Currently, the HCC serves a total of 15 students who have also taken up residence in the center. Three local staff members provide comprehensive care, ensuring their daily routines are structured and their lives are regulated. Additionally, the students receive academic tutoring and grow up in a safe environment.

As a newly established center, the children face significant changes in leaving their homes, and adjusting their emotions becomes an important aspect. The center employs an encouraging approach to help them regulate their emotions. Many of these children come from areas close to armed conflicts, and as such, the center is committed to providing them with a stable educational opportunity and environment. Interesting activities are organized to stimulate their desire for knowledge.

Given that the HCC is located in the mountainous region of Myanmar, with numerous military checkpoints nearby and limited transportation, the cost of living has increased. Moreover, military conflicts often occur, resulting in many children living in unstable conditions and losing opportunities for education. Therefore, Silver Lining Missions hopes to expand the HCC's service capacity to accommodate 30 students, allowing more impoverished children with a thirst for knowledge to continue growing steadfastly even amidst turbulent circumstances.

# 2022 Financial Report Summary

On behalf of Silver Lining Missions, I would like to express our heartfelt appreciation to all our donors and supporters for your trust and support for the past year. Thank you for walking with the orphans and children with special needs, so that we have the strength and confidence to move forward. Thank you for your loving and generous support, and all your efforts have not been in vain.

Although COVID-19 gradually opened up in 2022, the impact of global economy continues that instability, inflation, and prices rising in Myanmar affect the lives of many people. We deeply grateful of all your support for the needs of the under-privilege children, so that they can continue to smile in all these times and able to dare to dream. We will continue to help these children without fear and difficulties around us. It is all because of you!

In 2022, our incoming fund received a total of approximately \$1.34 million. We are very grateful that regular donations are 36%, corporate and organization donations 15%, and individual donations is 46%. In 2022, we didn't have many opportunities to organize fundraising event in US because the COVID-19 was still very severe at that time. Our incoming fund is below our budget, but our expenditure is also under our budget too. It ended up that our incoming fund is more than our expenditure in general.

In 2022, the actual expenditure was about 974 thousand in total. Despite the difficulties in the field, we have tried our best to respond the demand of Hakha City in Myanmar. We added a Hakha Children's Center to help the children who are in difficult situations and severely affected by war. Some of the children come from the refugee camps in the Chin State. Orphan programs and special needs children programs are 27% and 23% respectively. Administrative and fundraising are only 2% and 3% respectively. We have 95% of the total expenditure is directly invested in the field services and benefits for the orphans and special need children. We have increased good number of orphans in our Family Village in Myanmar this year. As a result, our orphanage expenditure has increased too. But thankful that we can also provide a shelter and food for these children who are experience great suffering from poverty, war, and pandemics.

We are very grateful for your donations. We understand that your donation come with love to the children and hope to change the lives of these children. We value and cherish your donation greatly and will ensure every dollar used efficiently and properly. We will do our best to bring the hope of change to these children. Let us witness the unforeseeable past of these children can turn into the foreseeable abundant future in Silver Lining Missions.
